WHAT HAPPENED? A day that is still painful for fans of the Three Lions to recall, Southgate has opened up and reflected on being in the quarter-final in Qatar, and suggested his players lacked the belief to win the game before it started.
WHAT THEY SAID: "The performance against France has shown the players if they didn't believe it before, which I still wonder whether they truly believed that before the game, but coming off the field they know that is a game they could win and should have won."
